

Mother you are an angel  
A beautiful angel  
You are love's core  
You are angels queen  
I miss you a lot when your not here  
Mother my lovely mother  
I love you very very much  
You have helped me forward  
Mother my beloved mother  
I love you  
You help me when I'm sad  
Comforting me, make me laugh  
Mother no one can replace  
My mother - worlds best mom!  
What will we do without our wonderful mother  
To my beloved mother
